Objectives

Review the basic reporting rules and requirements for the Medical Data Call as outlined in the **Medical Data Call Reporting Guidebook**. You will also become familiar with using the **Medical Data Collection** tool to monitor the reporting of your medical data.

Medical Data Call

Each medical service that occurs due to an employee's job-related injury, including:

- Hospital Stay
- Physical Therapy
- MRI
- Office Visit
- Prescription Drugs
- X-ray

NON-INVASIVE CARDIO	3689.00
EEG/EMG	1259.00
RADIOLOGY-GENERAL	340.00
PHARMACY-MAIN	1795.35
EMERGENCY-HOSPITAL	2779.00
PRE HOSPITAL EMS	253.00
C.T. SCANNING	2714.00
MAGNETIC RESONANCE	6963.00
TOTAL CHARGES:	36027.35

Workers Compensation
Medical Payment Transactions

5

Driving Force of the Medical Call— Legislative Analysis

Recently, more than 30% of legislative activity is medical related

States have been proposing and/or enacting more comprehensive cost controls in these areas:

- Physician Fee Schedules
- Inpatient/Outpatient Hospitals
- Ambulatory Surgical Centers
- Prescription Drugs

Medical Data Call Core Resources

YOUR **BLUEPRINT**
for data reporting success

2016 DATA EDUCATIONAL PROGRAM

© Copyright 2016 National Council on Compensation Insurance, Inc. All Rights Reserved.

Core Resources—ncci.com

- **Medical Data Call Reporting Guidebook** contains the rules and requirements for reporting Medical Call data, including record layouts, data definitions, and the edit matrix.
- **Electronic Transmission User's Guide** contains the requirements for preparing and submitting test and production files for all NCCI data types.
- **Medical Incentive Program (MIP)** evaluates the completeness and accuracy of medical data in accordance with the program requirements. Refer to Part 2 of the **Data Quality Guidebook**.
- **Medical Data Collection** is the tool that provides you with the ability to view the status of your Medical Call data submissions to NCCI, in one centralized location. This tool also allows you to monitor the quality and completeness of your submissions as well as your **Medical Incentive Program (MIP)** results.

Medical Data Call Reporting Guidebook

The **Medical Data Call Reporting Guidebook** is your primary reference for the instructions needed to accurately complete your Medical Data Call reporting.

Accessing the Medical Data Call Reporting Guidebook

The screenshot shows the NCCI website homepage. At the top, there is a navigation bar with the NCCI logo and the text "National Council on Compensation Insurance". Below this is a secondary navigation bar with links for "Data Reporting", "Industry Information", "Residual Markets", and "Underwriting". A search bar is also present. The main content area features several sections: "Learning Center" with a webinar about Steve Klinge's presentation, "Industry Highlights" with Tennessee and Terrorism Risk Insurance Act resources, and "Upcoming Events" for Louisiana, New Mexico, and Georgia. A footer contains quick links, legal information, and a copyright notice for 2016. A purple arrow points to the "Data Reporting" link in the top navigation bar, and another purple arrow points to the "Access Data Reporting Resources" button in the top right corner.

Medical Data Call General Rules

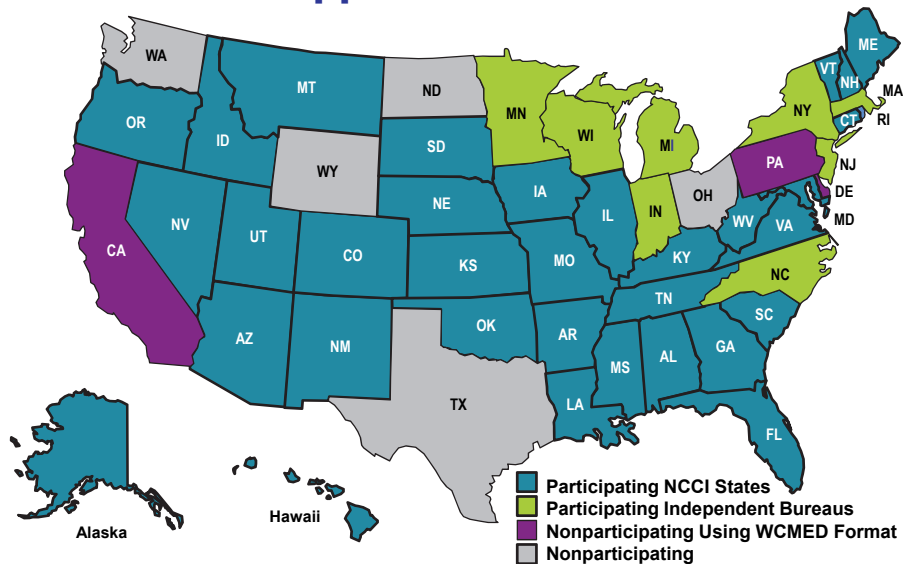

YOUR **BLUEPRINT**
for data reporting success

General Rules

Report all medical transactions associated with workers compensation claims in any Medical Data Call state

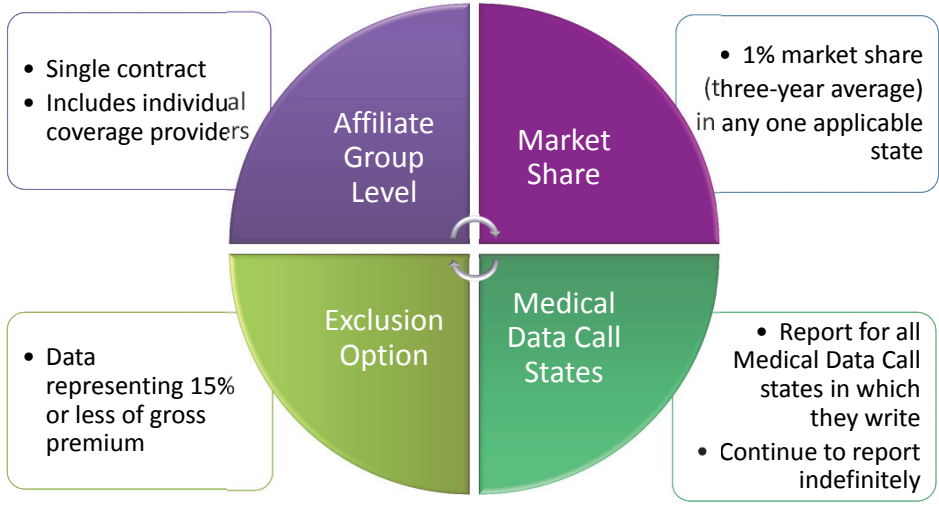

The Jurisdiction State is the state under whose workers compensation act the claimant's benefits are being paid

Applicable States

Eligibility Overview

Part 2—
General
Rules

Reporting Responsibility

Part 2—
General
Rules

Regardless of who submits the data, the quality, timeliness, and completeness of the data is the responsibility of the carrier.

Vendor Business Partners

Part 2—
General
Rules

Companies differ in handling medical data:

Carrier keeps all medical claim handling in-house

Carrier uses business partners for various aspects of medical claim handling, including third party administrators (TPAs), medical bill review vendors, etc.

Carrier retains some internal claim handling and uses business partners for some aspects

2016 DATA EDUCATIONAL PROGRAM

© Copyright 2016 National Council on Compensation Insurance, Inc. All Rights Reserved.

21

Mergers and Acquisitions

Part 2—
General
Rules

Current participants

- **Required** to continue reporting data after any merger

Nonparticipating companies that merge with participating companies

- **Not required** to report Medical Call data until a future participation evaluation deems it eligible

2016 DATA EDUCATIONAL PROGRAM

© Copyright 2016 National Council on Compensation Insurance, Inc. All Rights Reserved.

22

Merger Examples

If ...	And ...	Then ...
Carrier A currently reports the Call	Merges with Carrier B, which does not currently report the Call	Only Carrier A reports the Call unless a future participation deems AB eligible
Carrier A does not currently report the Call	Merges with Carrier B, which currently reports the Call	Only Carrier B reports the Call unless a future participation deems AB eligible
Carrier A currently reports the Call as part of Reporting Group B	Leaves Group B	Both Carrier A and Group B continue to report the Call

Merger Examples

If ...	And ...	Then ...
Carrier A currently reports the Call	Merges with Carrier B, which currently reports the Call	Both Carrier A and Carrier B continue to report the Call
Carrier A does not currently report the Call	Merges with Carrier B, which does not currently report the Call	Neither Carrier A nor B reports the Call unless a future participation deems AB eligible

Reporting Frequency

Part 2—
General
Rules

- Quarterly
 - One submission due by the end of the following quarter

2016 DATA EDUCATIONAL PROGRAM

© Copyright 2016 National Council on Compensation Insurance, Inc. All Rights Reserved.

25

Reporting Frequency

Part 2—
General
Rules

- Monthly
 - Partial quarter's data sent in reporting quarter
 - Three months data due at the end of the following quarter

2016 DATA EDUCATIONAL PROGRAM

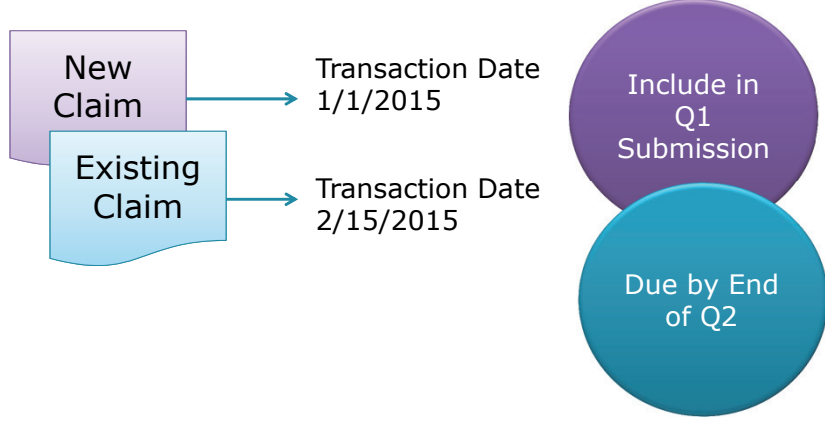

© Copyright 2016 National Council on Compensation Insurance, Inc. All Rights Reserved.

26

Due Dates

All medical transactions (existing claims and new claims) that occur within a specific quarter, based on Transaction Date, must be reported in that quarter's submission

Duration of Reporting

Transactions must continue to be reported until:

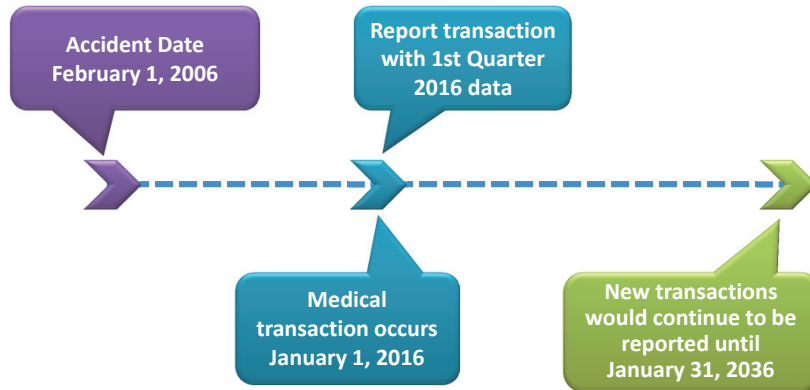

Transactions no longer occur, or

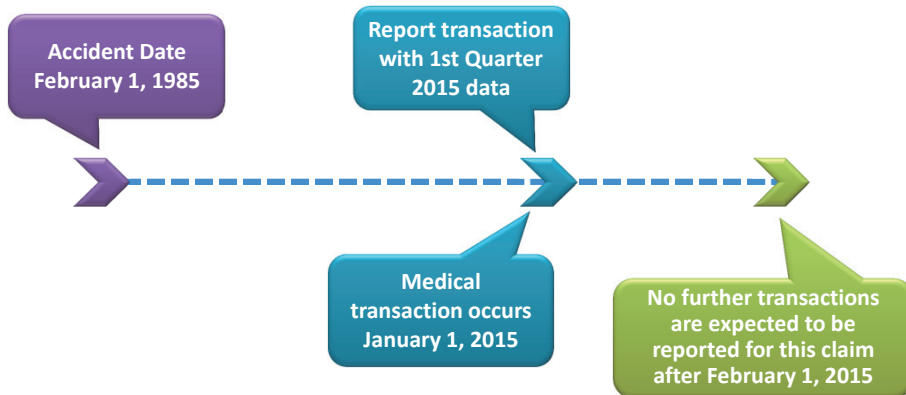

30 years from accident date

Reporting Duration Example 1

Reporting Duration Example 2

Medical Data Call Structure

YOUR **BLUEPRINT**
for data reporting success

For specific data element reporting instructions, refer to the Data Dictionary section (Part 5) of the *Medical Data Call Reporting Guidebook*.

Data Dictionary

The Data Dictionary section of the *Medical Data Reporting Guidebook* contains alphabetized and numbered metadata.

Data Dictionary

14. Place of Service Code

Field(s):	27
Position(s):	282-289
Class:	Alphanumeric (AN)—Field contains alphabetic and numeric characters
Bytes:	8
Format:	A/N 8, this field must be left justified and blank-filled to right of the last number or character when the Place of Service Code is less than 8 bytes. Include leading zeros when part of the code. If converting codes from a system that does not store leading zeros, ensure that the leading zero(s) is inserted correctly. For example, if the system stores 9 for a code that is listed as 09 on the code list, insert a zero to the left of the 9 when reporting to NCCI.

Definition: A code that indicates where the medical service was performed.

Reporting Requirement: Report the Place of Service Code from the Place of Service list, that indicates where the medical service was performed. Do not report Place of Service Code 99 (Other Place of Service) when the place of service is unavailable. Instead, leave this field blank.

For facility and hospital services, the Place of Service Crosswalk was developed to provide a mapping of the Type of Bill code to the Place of Service code. [Online readers can click to view/print details: Place of Service Crosswalk \(pdf\).](#)

Place of Service ^[1]			
Code	Description	Code	Description
01	Pharmacy	33	Custodial Care Facility
02	Unassigned—Not valid for NCCI	34	Hospice
03	School	35-40	Unassigned—Not valid for NCCI
04	Homeless Shelter	41	Ambulance—Land
05	Indian Health Service—Free-Standing Facility	42	Ambulance—Air or Water

Data Dictionary

14. Place of Service Code

Medical Call Transactions

Transaction Code	Use	Transaction Date
01—Original	<ul style="list-style-type: none"> The first reporting of a medical transaction Only one may be submitted for a medical transaction 	The date the medical transaction was originally processed and paid by the administering entity
02—Cancellation	<ul style="list-style-type: none"> Used to delete or cancel record(s) Apply to prior record(s) or record(s) in same submission 	The date the medical transaction was cancelled in the administering entities system, not the date the cancellation record was sent to NCCI
03—Replacement	<ul style="list-style-type: none"> Used to revise non-key field values Apply to prior record(s) or record(s) in same submission 	The date the medical transaction was revised in the administering entities system not the date the replacement record was sent to NCCI. Must be after the Transaction date of the record it is intended to replace.

Medical Call Transactions

Transaction Code	Use	Transaction Date
01—Original	<ul style="list-style-type: none"> The first reporting of a medical transaction Only one may be submitted for a medical transaction 	The date the medical transaction was originally processed and paid by the administering entity
02—Cancellation	<ul style="list-style-type: none"> Used to delete or cancel record(s) Apply to prior record(s) or record(s) in same submission 	The date the medical transaction was cancelled in the administering entities system, not the date the cancellation record was sent to NCCI
03—Replacement	<ul style="list-style-type: none"> All previously reported fields must be reported, even if there is no change Report current cumulative values, not change in value 	

Replacement Record Use

Correcting a data entry issue

Replacement record must include all data elements, even if they do not change

Delete a prior record or multiple records

Changes via a replacement record can only be made to nonkey fields.

Replacement File Use

Correcting a major systemic programming issue

Remove all records from Original File and add records in Replacement File

Delete a prior File

Do not use for data entry issues—use Replacement Records instead.

Replacement Examples

1. All of the Transaction Dates in the file show the date the records were submitted to NCCI—not the date the transactions occurred
2. The data provider reported units, instead of minutes, for all anesthesia transactions, which is a relatively small subset of the total number of transactions submitted
3. Need to replace any data greater than 24 months old

Submitting Medical Data Files

- File Naming Convention:
 - Production—Medical.30characters.**txt**
 - Certification—Medical.30characters.**tst**
- The prefix "medical." must precede any additional characters in the file name
- Valid characters in the file name include 0 through 9, A through Z, dash '-', underscore '_', or period '.'.
- The file must contain only one submission control record.
- The number of records and headers in the file must match the submission control record
- The record length maximum is 350 characters

Certification/Testing

Ensures that test data files meet minimum formatting and quality requirements prior to production reporting

Edits

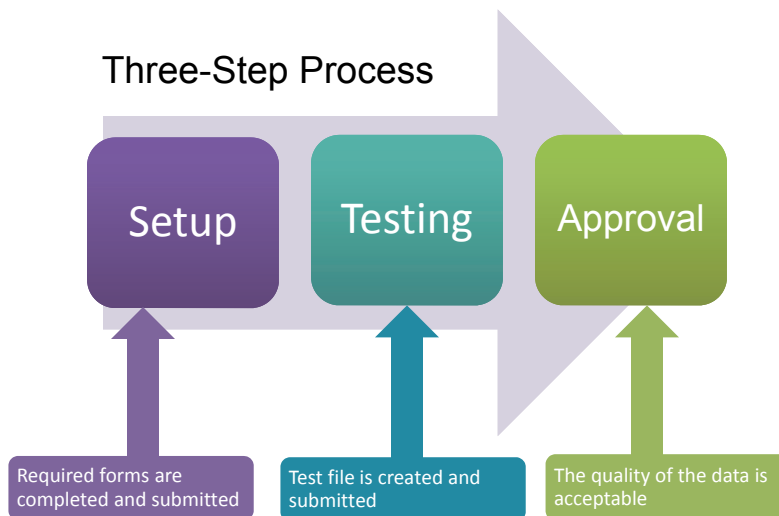

- ❑ Applied to each certification test file as if it were received in production

Requirements

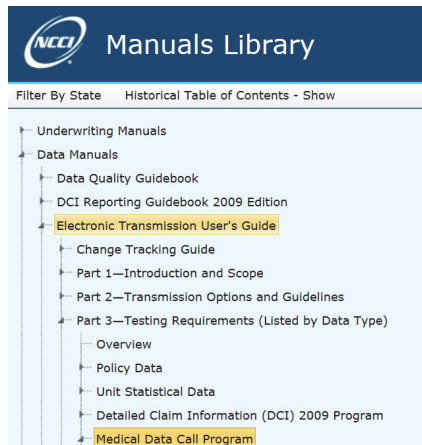

- ❑ Medical data providers are required to pass certification testing for each carrier group
- ❑ Certify all **new** medical data providers and whenever system changes are made

Certification Process

Three-Step Process

Electronic Transmission User's Guide

- Medical Data Call Program
 - Submitting Files to NCCI
 - Data Tools and Resources
 - Certification Process and Testing Requirements

Provides the necessary requirements, forms, and instructions for preparing and submitting test and production files.

TPA Requirements

For each TPA/vendor/medical data provider:

- Data Provider Profile Form
- Service Provider Agreement
- Service Provider Data Tool Access Addendum

Contact NCCI's Customer Service Center at 800-NCCI-123 to verify that appropriate authorization is on file.

“Pre-Edit”

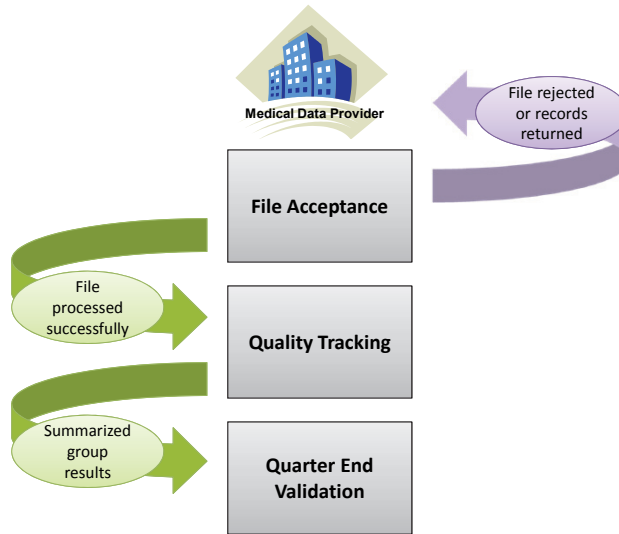

- Submit a file using the certification/
test file identifier
 - Medical.30characters.**tst**
- Edits applied to the file as if it were in
production
 - Results are displayed in the
Medical Data Collection tool
 - Does not include Quarter End
Validation

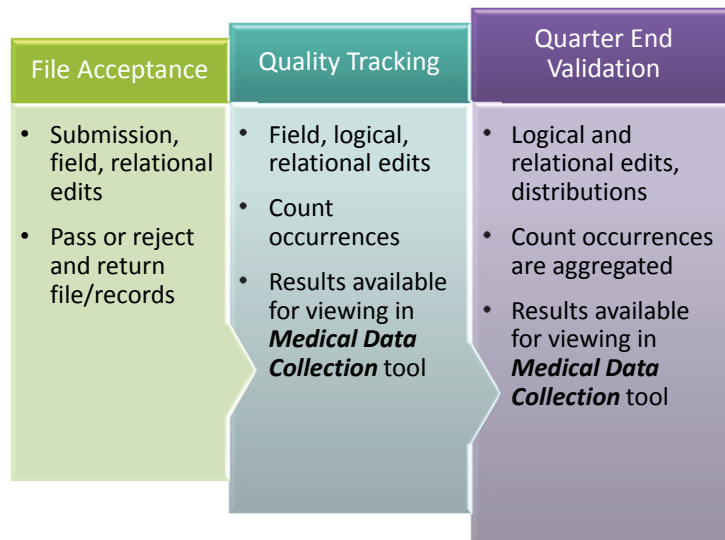

Editing and Validation

YOUR **BLUEPRINT**
for data reporting success

Editing Flow

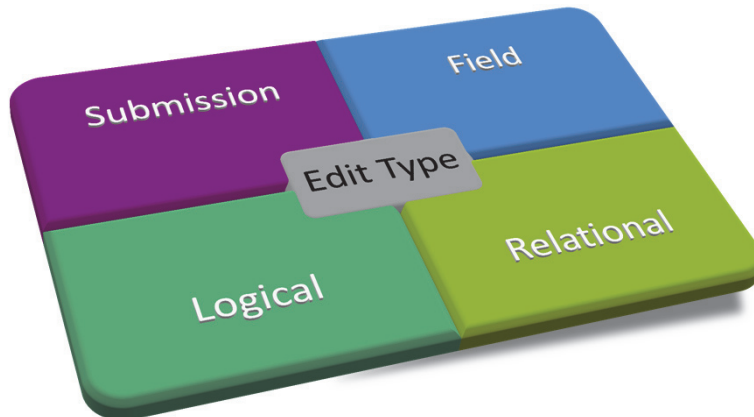

Three Stages of Editing

Edit Types

Each edit is classified as a specific edit type:

Submission Edits

Can we process the file?

- Data provider information is valid
- File naming convention is correct
- Record length is correct and contains only valid characters
- Contains a Submission Control Record with valid values
- Record count balances
- Key fields are populated

Field Edits

Are the formats and values acceptable?

- Formatting is correct by field class
- Date fields are formatted YYYYMMDD
- Data is reported and values are valid

Alpha fields are only A through Z or blank spaces

Numeric fields are only 0 through 9

Logical Edits

Does the data make sense compared to other fields in the record?

- Dates are in logical order
- Conditional fields are reported when condition exists
- Paid fields align with charged fields
- Primary field is reported when its associated secondary field is reported

Relational Edits

Does the data make sense compared to previously submitted records?

- Original, replacement, and cancellation transactions occur in a logical order
- Transactions are reported in chronological order by transaction date

Edit Categories

Part 7—
Editing and
Other
Validation
Procedures

Critical (C)	Elements necessary for a transaction to have value
Priority (P)	Elements needed for legislative analysis
Supplemental/ Low (L)	Elements used in specialized studies

Elements by Category

Critical	Priority	Supplemental/Low
Accident Date	Network Service Code	Birth Year
Amount Charged by Provider	Provider Identification Number	Claimant Gender Code
Jurisdiction State Code	Provider Postal Zip Code	Second Paid Procedure Code Modifier
Paid Amount	Quantity	Secondary ICD Diagnostic Code
Service Dates	Paid Procedure Code	Secondary Procedure Code
	Place of Service Code	
	Provider Taxonomy Code	
	Primary ICD Diagnostic Code	
	First Paid Procedure Code Modifier	

Edit Matrix

Medical Data Call Edits

MEDICAL DATA CALL EDIT MATRIX—ALL EDITS IN PRODUCTION (August 20, 2015 release)

Edit #	Data Field	Edit Message	Trans Code	Edit Type	Stage of Editing	Outcome	Effective Date	Update Date	Changes
0001-01	Accident Date	Accident Date is missing, or not a valid date.	01 03	F	Quality Tracking	Count occurrences	04/01/2010	04/01/2010	Edit added.
0028-01	Carrier Code	Carrier Code is missing or not a valid carrier code.	01 02 03	F	File Acceptance	Return record /Reject file	04/01/2010	04/01/2010	Edit added.
0028-02	Carrier Code	Medical Data Provider is not certified for Carrier Code.	01 02 03	S	File Acceptance	Reject file	04/01/2010	04/01/2010	Edit added.
0028-04	Carrier Code	Carrier Code is not associated with the Carrier Group in the submission.	01 02 03	S	File Acceptance	Reject file	04/01/2010	04/01/2010	Edit added.
0033-01	Claim Number Identifier	Claim Number Identifier is invalid, missing, or all zeros.	01 02 03	F	File Acceptance	Return record /Reject file	04/01/2010	04/01/2010	Edit added.
0108-01	Jurisdiction State Code	Jurisdiction State Code is missing.	01 03	F	Quality Tracking	Count occurrences	04/01/2010	04/01/2010	Edit added.
0108-02	Jurisdiction State Code	Jurisdiction State Code is not valid.	01 03	F	Quality Tracking	Count occurrences	04/01/2010	04/01/2010	Edit added.
0108-04	Jurisdiction State Code	Jurisdiction State Code is not an applicable jurisdiction.	01 03	F	Quality Tracking	Count occurrences	04/01/2010	04/01/2010	Edit added.
0153-01	Policy Effective Date	Policy Effective Date is missing or not a valid date.	01 02 03	F	File Acceptance	Return record /Reject file	04/01/2010	05/03/2010 04/01/2010	Policy Effective Date is now a key field, and supporting changes have been made. Edit added.

Reporting Issue—Linking

Inconsistent Reporting of Key Fields—Policy Number, Policy Effective Date, and/or Claim Number

- Most common cause for this issue is:
 - Multiple data provider systems
- Resubmission of prior quarters to resolve may be required

Reported Key Fields should match in Units and Medical

Reporting Issue—Missing Data

Missing Portions of Data—Pharmacy and/or Large Loss Claims

- Pharmacy
 - Pharmacy transactions are often handled by a separate vendor
- Large Loss Claims
 - Often a specialty Third Party Administrator (TPA) takes over management of these claims

Reporting Issue—Duplicates

Duplicate claims are reported

Often caused by:

- Changing Systems
- Changing Vendors

Refer to Part 6 (Section D) of the *Medical Data Call Reporting Guidebook*

Reporting Issue—Network Service

Incorrect Reporting of Network Service Code

- Defaulting
- Pharmacy Bill Reporting
 - Use of Pharmacy Benefits Manager (PBM)

Code	Description
H	HMO—the medical service provider belongs to a Health Maintenance Organization
N	No Agreement—the medical service provider does not belong to a provider network
P	Participation Agreement—the medical service provider is part of an agreement that is not an HMO or PPO
Y	PPO Agreement—the medical service provider belongs to a Preferred Provider Organization agreement

Reporting Issue—ICD-10

Incorrect Reporting of ICD Diagnostic Code

- The most common cause for this issue is:
 - System upgrade or reprogramming issue
- Testing is recommended to identify and correct issue prior to submitting the file in production

Report the ICD Diagnostic Code (ICD-9 or ICD-10) as indicated on the medical bill.

ICD-10 Implementation 10/01/2015

- In January 2014, NCCI began accepting both ICD-9 and ICD-10 Codes
- Continue to report the diagnosis codes reported by the medical provider
- No translation or mapping to ICD-10 from ICD-9 is necessary when reporting Medical Call data

For additional detailed information, please refer to the *Medical Data Call Reporting Guidebook*.

68

Medical Incentive Program Objectives

Medical Incentive Program

Ensure the full scope of submissions are sent by due date

Ensure the data meets or exceeds quality tracking criteria

Identify extreme outliers of reporting behavior

Carrier Data Quality Report Medical Data Addendum

Carrier Data Quality Report (Report Card)
Company Specific Data Availability Results – Data Due in 2012
(Sample Medical Data Addendum)

Carrier Group Code: XXXXX
Carrier Group Name: XXXXX

Evaluation Date: 01/01/2013
Creation Date: 01/15/2013

Reporting Quarter	Due Date	Completeness			Quality				
		% Categories Completed on Time	Quarters Completed on Time	Grade	Critical Elements	Priority Elements	Low Elements	Quarters Passing	Grade

Refer to the **Carrier Data Quality Report Program** section of the **Data Quality Guidebook** in the **Manuals Library** on **ncci.com** for additional information.

Completeness Grading

Completeness Grading is based on the number of **Quarters Completed on Time**.

A quarter is complete when 100% of categories are completed by the Due Date.

PASS \geq 3 quarter(s) completed on time
FAIL $<$ 3 quarter(s) completed on time

Quality Grading

Quality Grade is based on the number of **Quarters Passing**.

- A quarter passes if:
- 0 Fined Critical Elements
 - \leq 2 Fined Priority Elements
 - \leq 2 Fined Low Elements

PASS \geq 3 quarter(s) passing
FAIL $<$ 3 quarter(s) passing

Learning Center

NCCI offers Web-based education designed to enhance your knowledge of workers compensation. Through our online education modules, you can learn the fundamentals of workers comp—including how a business is classified, how rates are determined and how experience rating works—as well as requirements for reporting data to NCCI. These modules offer a flexible learning plan, are easy to use, and allow you to self-pace your presentation.

You can also learn how to accurately fill out frequently submitted forms by downloading a copy of the form along with the instructions.

Supplemental Information

Presenter Biographies

Kristin Champagne joined the Medical Data Validation Department as a senior data analyst in 2012. Her primary responsibilities include identifying, developing, and implementing solutions to data quality issues impacting data used for NCCI's core products, research, and legislative analyses. Prior to joining the Medical Data Team, she worked for two years on the Proof of Coverage Team, where she primarily lead the resolution of complex POC data issues, in addition to providing support to system changes. She began her career in workers compensation eight years ago, as an experience rating analyst.

Kristin holds a bachelor's degree in finance from Florida Atlantic University.

Grace Arrieche joined the Medical and DCI Operations Department as a data analyst in 2013. Grace currently holds the position of senior data analyst, where she is primarily responsible for validating Medical Call data. Prior to that, Grace worked as an analyst in the Assigned Risk Department, where she processed residual market applications ensuring coverage eligibility and binder quality. She also participated in several operational review projects and process improvement initiatives. She began her career at NCCI in 2008 as a customer service specialist in Classification.

Before joining NCCI, Grace was a mortgage professional, specializing in residential lending. She has held various operational positions, including residential due diligence contract underwriter, quality control underwriter, and account manager.
