

## ADQIP and Data Manager Dashboard

### What Is ADQIP?

- Monetary incentive program for Financial Calls that provides an incentive to submit data in a timely and accurate manner
- Reallocates the impact of late and/or inaccurate reporting back to carriers through assessments
- Applies in 38 states where NCCI is the statistical agent for Financial Calls

### Key Takeaways

Understanding of the **Aggregate Data Quality Incentive Program (ADQIP)** and components

- Early Reporting Credits
- Late Reporting Assessments
- Quality Edit Assessments
- Additional Quality Assessments

### Data Quality Guidebook

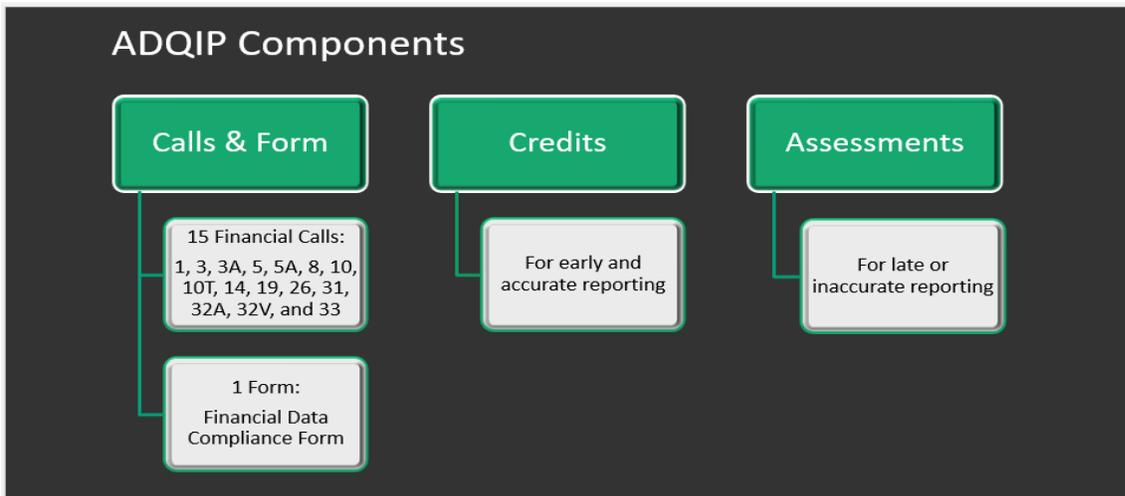

## 2025 ADQIP Program Changes

### 2025 Program changes

- New Designated Statistical Reporting (DSR) analysis assessment
- \$2,500 per state for discrepancies not resolved by the February 15 due date
- Informational only for 2025
- Subject to assessment beginning in 2026

## ADQIP Components

## ADQIP Early Reporting Credit Calls

Credits can be earned for reporting required Calls early in eligible states:

- Policy Year Calls #3, #3A
- Calendar-Accident Year Calls #5, #5A
- Reconciliation Report Call #8
- Large Loss and Catastrophe Call #31

**Note:** Not everyone is expected to submit each of these Calls—only the Calls you are required to report would need to be received by March 15.

### ADQIP Early Reporting Credit Eligibility Examples

Eligibility requirements must be met to earn early reporting credits.

1	All required Calls must be received at NCCI by March 15
2	State must have a market share of .05% or greater
3	Data must be error-free or have acceptable explanations on the original submission
4	The state must have \$0 late reporting and/or quality assessments
5	Financial Data Compliance Form must be received on time

If the form is received late, you would not be eligible for credits in any of your states.

### ADQIP Early Reporting Credit Table

Flat credit per state based on the individual state market share:

State Market Share	Per-State Credit
.05% to < 3.0%	\$170.00
3.0% to < 10.0%	\$425.00
10.0% to < 20.0%	\$850.00
20.0%+	\$1,700.00

- ← Example:
- If state submitted has 1% market share
  - And all criteria met
  - Then, eligible for \$170.00 credit for that state

### ADQIP Early Reporting Credit Example 1

A carrier submits all required Calls on March 12 for a state in which the market share is 9.0%. Would this state be eligible for an early reporting credit?

State Market Share	Per-State Credit
.05% to < 3.0%	\$170.00
3.0% to < 10.0%	\$425.00
10.0% to < 20.0%	\$850.00
20.0%+	\$1,700.00

**Answer:** Yes or No?

**Put your notes here:**

---

## ADQIP Early Reporting Credit Example 2

**Question:** A carrier submits seven of the eight required ratemaking Calls on March 15 for a state in which the market share is 1.5%. Would this state be eligible for an early reporting credit?

State Market Share	Per-State Credit
.05% to < 3.0%	\$170.00
3.0% to < 10.0%	\$425.00
10.0% to < 20.0%	\$850.00
20.0%+	\$1,700.00

**Answer:** Yes or No?

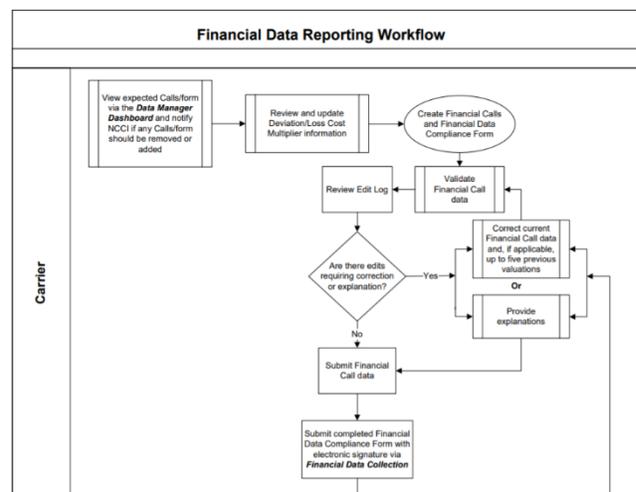

**Put your notes here:**

## Financial Data Reporting Workflow

- Found in the *Financial Call Reporting Guidebook*
- Designed for use with the *Financial Data Collection* tool
- Streamlines reporting process
- Can reduce reporting errors, potentially mitigating quality assessments

### Financial Data Reporting Workflow—Key Steps

1. Update the deviation history
2. Create all Calls for the state
3. Validate all Call data by state
4. Utilize the Self-Audit Checklist and Additional Details on the Financial Data Compliance Form
5. Resolve edits that invoke
6. Submit all Calls to NCCI
7. Complete, sign, and submit the Financial Data Compliance Form

**Note:** Before submitting data make sure edits have been corrected or an acceptable explanation is provided. Data quality is evaluated for **ADQIP** assessments based on the **original** submission date, not the due date. If edit corrections are made after submission, even if it is completed before the Call due date, **ADQIP** assessment will apply.

## Confirm Call Submissions

After submitting Calls in the **Financial Data Collection** tool, confirm the Call Status. If the status is not “SUBMITTED,” then your Call has not been received by NCCI.

**Search for Financial Call Data**

Search Call Data | Search Call History

## ADQIP Late Reporting Assessments

- Assessments are per Call/Form, per day, per state
- Based on the individual state market share

State/Countrywide Market Share	Assessment (per Calendar Day, per Form or Call)
< 3.0%	\$30
3.0% to < 10.0%	\$60
10.0% to < 20.0%	\$120
20.0%+	\$240

- Applied from the Call/Form due date through the **ADQIP** season end date of October 15

Example:

- States with a less than 3% market share would be assessed \$30 per day for each Call or Form

## ADQIP Quality Edit Assessments

- Applied per edit occurrence
- If your Call is submitted with an unaddressed edit, it is subject to a \$300 assessment
- If edits are corrected by October 15 (**ADQIP** season end date), the \$300 assessment is reduced to \$50
- Additional edit assessments that could apply:
  - Edits with incomplete or blank explanations are subject to \$100 assessment
  - \$50 assessment could apply when an edit notification is sent

### ADQIP Quality Edit Assessment Example

Uncorrected Edit	Corrected Edit	Missing/Incomplete Explanation on Submission	Notification	Total Assessment
\$300	N/A	\$100	\$50	\$450

- A Call is submitted with an edit that is uncorrected; no explanation is provided, or it is incomplete
- A notification is sent advising that a correction or complete explanation is required
- If edit remains uncorrected or unexplained:
  - A \$300 assessment is applied for the uncorrected edit
  - A \$100 assessment is applied for missing or incomplete explanation
  - A \$50 assessment is applied for the notification

**Results:**

Uncorrected Edit	Corrected Edit	Missing/Incomplete Explanation on Submission	Notification	Total Assessment
\$300	N/A	\$100	\$50	\$450

\$450 is the maximum assessment per edit occurrence.

### ADQIP Quality Edit Assessment Example

- Correcting the edit replaces the uncorrected assessment of \$300
- \$50 assessment is applied for the corrected edit
- Assessment for the missing explanation and notification still applies
- Assessment amount reduced from \$450 to \$200

**Results:**

Uncorrected Edit	Corrected Edit	Missing/Incomplete Explanation on Submission	Notification	Total Assessment
N/A	\$50	\$100	\$50	\$200

All edits need to include a complete and valid explanation to prevent the \$100 assessment.

### ADQIP Additional Quality Assessments

- Up to \$5,000 per state for a significant, unresolved data quality issue that results in exclusion from filing
- \$2,500 per state for Fin/Stats discrepancies that are not resolved by February 15 of the following year
- Advance notification of the potential assessment will be provided

Tip:

- Fin/Stat is a comparison of Financial to Unit Statistical data
- May result in a request to correct or explain discrepancies

### Communicating Your ADQIP Results

Results letters are delivered to your **Data Transfer via the Internet (DTVl)** mailbox—up to three letters per **ADQIP** year:

Letter 1 May—Current Year	Letter 2 October	Letter 3 May—Following Year
Delivered to <b>ADQIP</b> Contact Role	Delivered to <b>ADQIP</b> Contact Role or Financial Call Actuary/Corporate Officer Role	
<ul style="list-style-type: none"> <li>• Current late reporting results</li> <li>• Outstanding Calls</li> <li>• Informational Only</li> </ul>	<ul style="list-style-type: none"> <li>• Late reporting</li> <li>• Quality</li> <li>• Credit results</li> <li>• Invoiced in November</li> </ul>	<ul style="list-style-type: none"> <li>• Additional quality and Fin/Stat results</li> <li>• Invoiced in June</li> </ul>

### ADQIP Letter Additional Information

- Letters are distributed at the Reporting Group level and remain in the **DTVl** mailbox for eight days
- Letters are not distributed for \$0 results
- Invoices/credit memos are produced at the carrier-code level 30 days after letter delivery
- **ADQIP** credits may be applied to any NCCI invoice and must be used within one year

Tip:  
Credits can be applied to any NCCI invoice!

## ADQIP Letter Frequently Asked Questions

### ADQIP Letter Questions

**1. I didn't pick up my letter from DTVI in time. Can it be resent?**

Yes. Contact NCCI Customer Service and ask for redelivery to your *DTVI* mailbox.

**2. Can the ADQIP letter be delivered to someone other than the ADQIP contact?**

Yes. The recipient must have an active NCCI user ID for the reporting group and a *DTVI* mailbox.

**3. Why didn't I receive a letter?**

Either your company did not have an assessment or credit, or you are not the assigned *ADQIP* or Financial Call Actuary/Corporate Officer Contact on file.

**4. When do I pay the assessment?**

Only Letter #2 and Letter #3 assessments will be invoiced. They will be mailed to the contact who is assigned the PEMIP Contact Role. The invoices are mailed approximately 30 days after the letter is delivered.

**5. How do I apply my ADQIP credit?**

*ADQIP* credits can be applied to any NCCI invoice but must be used within one year. Include a note on the invoice indicating that you are applying your *ADQIP* credit or contact the NCCI Credit Services Department for assistance.

## ADQIP Recap

Submit the required Calls by March 15 to be eligible for early reporting credits, or by the due date to avoid timeliness assessments

Submit the Financial Data Compliance Form by the due date to prevent loss of credits in all states

Follow the Financial Data Reporting Workflow in Part 3 of the *Financial Call Reporting Guidebook* to reduce quality edits

Quality of data is based on the submission date, not the due date, so correct quality edits prior to submission
