The employer or its designee shall make payment for treatment in accordance with the provisions of this Section directly to the provider, except that, if a provider has designated a third-party billing entity to bill on its behalf, payment shall be made directly to the billing entity. ~~Providers and providers~~ shall submit bills and records in accordance with the provisions of this Section.

- Amended and passed by the second chamber on May 31, 2018
- Included in NCCI's June 8, 2018 **Legislative Activity Report** (RLA-2018-23)

- Vetoed (amendatory) by the governor on August 26, 2018
- Overridden (governor's amendatory veto) by the first chamber on November 14, 2018*

As amended and passed by the second chamber on May 31, 2018, **SB 1737** amends, creates, and repeals numerous sections of the Illinois Compiled Statutes Annotated, including, but not limited to, the following:

(215 ILCS 5/456)

Sec. 456. Making of rates.

(1) All rates shall be made in accordance with the following provisions:

...

(d) Rates shall not be excessive, inadequate or unfairly discriminatory.

A rate in a competitive market is not excessive. A rate in a noncompetitive market is excessive if it is likely to produce a long-run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to the services rendered.

...

(215 ILCS 5/457)

Sec. 457. Rate filings.

(1) ~~Every Beginning January 1, 1983, every~~ company shall pre-file file with the Director every manual of classifications, every manual of rules and rates, every rating plan and every modification of the foregoing which it intends to use. Such filings shall be made at least not later than 30 days before ~~after~~ they become effective. A company may satisfy its obligation to make such filings by adopting the filing of a licensed rating organization of which it is a member or subscriber, filed pursuant to subsection (2) of this Section, in total or, ~~with the approval of the Director, by notifying the Director in what respects it intends to~~ deviate from such filing. If a company intends to deviate from the filing of a licensed rating organization of which it is a member, the company shall provide the Director with supporting information that specifies the basis for the requested deviation and provides justification for the deviation. Any company adopting a pure premium filed by a rating organization pursuant to subsection (2) must file with the Director the modification factor it is using for expenses and profit so that the final rates in use by such company can be determined.

(2) ~~Each Beginning January 1, 1983, each~~ licensed rating organization must pre-file file with the Director every manual of classification, every manual of rules and advisory rates, every pure premium which has been fully adjusted and fully developed, every rating plan and every modification of any of the foregoing which it intends to recommend for use to its members and subscribers, at least not later than 30 days before ~~after~~ such manual, premium, plan or modification thereof takes effect. Every licensed rating organization shall also file with the Director the rate classification system, all rating rules, rating plans, policy forms, underwriting rules or similar materials, and each modification of any of the foregoing which it requires its members and subscribers to adhere to not later than 30 days before such filings or modifications thereof are to take effect. Every such filing shall state the proposed effective date thereof and shall indicate the character and extent of the coverage contemplated.

(3) A filing and any supporting information made pursuant to this Section shall be open to public inspection as soon as filed ~~after the filing becomes effective.~~

(4) A filing shall not be effective nor used until approved by the Director. A filing shall be deemed approved and legally effective if the Director fails to disapprove within 30 days after the filing.

(215 ILCS 5/458)

Sec. 458. Disapproval of filings.

(1) If within 30 ~~thirty~~ days of any filing the Director finds that such filing does not meet the requirements of this Article, he shall send to the company or rating organization which made such filing a written notice of disapproval of such filing, specifying therein in what respects he finds that such filing fails to meet the requirements of this Article ~~and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective.~~ A company or rating organization whose filing has been disapproved shall be given a hearing upon a written request made within 30 days after the disapproval order. If the company or rating organization making the filing shall, prior to the expiration of the period prescribed in the notice, request a hearing, such filings shall be effective until the expiration of a reasonable period specified in any order entered thereon. If the rate resulting from such filing be unfairly discriminatory or materially inadequate, and the difference between such rate and the approved rate equals or exceeds the cost of making an adjustment, the Director shall in such notice or order direct an adjustment of the premium to be made with the policyholder either by refund or collection of additional premium. If the policyholder does not accept the increased rate, cancellation shall be made on a pro-rata basis. Any policy issued pursuant to this subsection shall contain a provision that the premium thereon shall be subject to adjustment upon the basis of the filing finally approved.

...

(4) Whenever an insurer has no legally effective rates as a result of the Director's disapproval of rates or other act, the Director shall on request of the insurer specify interim rates for the insurer that are high enough to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him or her. When new rates

become legally effective, the Director shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

(215 ILCS 5/460)

Sec. 460. Competitive market; approval of rates.

(a) Beginning January 1, 1983, a competitive market is presumed to exist unless the Director, after a hearing, determines that a reasonable degree of competition does not exist in the market and the Director issues a ruling to that effect. For purposes of this Article only, market shall mean the statewide workers' compensation and employers' liability lines of business. In determining whether a reasonable degree of competition exists, the Director shall consider relevant tests of workable competition pertaining to market structure, market performance and market conduct. Such tests may include, but need not be limited to, the following: size and number of firms actively engaged in the market, market shares and changes in market shares of firms, ease of entry and exit from a given market, underwriting restriction, and whether profitability for companies generally in the market is unreasonably high. The determination of competition involves the interaction of the various tests and the weight given to specific tests depends upon the particular situation and pattern of test results.

In determining whether or not a competitive market exists, the Director shall monitor the degree of competition in this State. In doing so, he shall utilize existing relevant information, analytical systems and other sources; cause or participate in the development of new relevant information, analytical systems and other sources; or rely on some combination thereof. Such activities may be conducted internally within the Department of Insurance, in cooperation with other state insurance departments, through outside contractors, or in any other appropriate manner.

(b) If the Director finds that a reasonable degree of competition does not exist in a market, he may require that the insurers in that market file supporting information in support of existing rates. If the Director believes that such rates may violate any of the requirements of this Article, he shall call a hearing prior to any disapproval. If the Director determines that a competitive market does not exist in the workers' compensation market as provided in a ruling pursuant to this Section, then every company must prefile every manual of classifications, rules, rates, rating plans, rating schedules, and every modification of the foregoing covered by such rule. Such filing shall be made at least 30 days prior to its taking effect, and such prefiling requirement shall remain in effect as long as there is a ruling in effect pursuant to this Section that a reasonable degree of competition does not exist.

(c) The Director shall disapprove a rate if he finds that the rate is excessive, inadequate or unfairly discriminatory as defined in Section 456. An insurer whose rates have been disapproved shall be given a hearing upon a written request made within 30 days after the disapproval order.

If the Director disapproves a rate, he shall issue an order specifying in what respects it fails to meet the requirements of this Article and stating when within a reasonable period thereafter such rate shall be discontinued for any policy issued or renewed after a date specified in the order. The order shall be issued within 30 days after the close of the hearing or within such reasonable time extension as the Director may fix. Such order may include a provision for premium adjustment for the period after the effective date of the order for policies in effect on such date.

(d) Whenever an insurer has no legally effective rates as a result of the Director's disapproval of rates or other act, the Director shall on request of the insurer specify interim rates for the insurer that are high enough to protect the interest of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him. When new rates become legally effective, the Director shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

(215 ILCS 5/462a)

Sec. 462a. Premium increase notice.

A policy of workers' compensation insurance issued, delivered, amended, or renewed on or after January 1, 2019 shall remain in full force and effect subject to the same terms and conditions, loss cost multipliers, and classification of the employer with regard to the payment of dividends, unless written notice is mailed or delivered by the insurer to the employer, at the address shown on the policy, and to the employer's authorized agent or broker, indicating the insurer's intention to condition renewal upon issuance of a policy that supersedes the policy previously issued and that will result in a premium in excess of 5% above the rate recommendation filed with the Department, exclusive of any premium increase generated as a result of increased loss costs or increased exposure units or as a result of experience rating, contractor credit adjustment program, large deductible, retrospective rating, or audit. The notice shall be delivered at least 30 days in advance of the expiration date of the policy, and shall set forth:

- (1) the amount of the premium increase or, if the amount cannot reasonably be determined as of the time the notice is provided, a reasonable estimate of the premium increase based upon the information available to the insurer at that time; and
- (2) the reason for the increased premium in excess of the rate recommendation filed with the Department. Nothing in this Section requires the insurer to provide notice when the employer, an agent or broker authorized by the employer, or another insurer of the employer has delivered written notice that the policy has been replaced or is no longer desired.

*** Note:** Both chambers must override the governor's amendatory veto before the bill becomes law.
