Welcome to *Manuals Library*

Designed With You in Mind

Manuals Library offers you instant access to a comprehensive collection of workers compensation information in an easy-to-use format.

Choose From Four Main Categories

- **Underwriting:** Essential for writing workers compensation policies. Includes the *Basic Manual*, *Scopes® Manual*, *Experience Rating Plan Manual*, *Forms Manual*, and more.
- **Data:** A must-have for reporting workers compensation data. Includes the *Statistical Plan*, *Unit Statistical Reporting Guidebook*, *Policy and POC Reporting Guidebook*, and more.
- **Reference:** Key resources for submitting filings and researching workers compensation taxes. Includes the *Filing Guide for Rates and Forms* and the *Tax and Assessment Directory*.
- **Previous Editions:** Provides a historical perspective for manuals in the categories listed above.

Sign up for **notifications** to receive the latest updates to rules, classifications, and policy forms.
