Residual Market Demographics

Residual Market Total Policies and Premium In Force

As of September 30, 2025—compared to prior year

Total number of Assigned Risk Plan policies and prorated estimated premium volume in force reported as of the date listed above. This excludes policies that have been cancelled or expired prior to the date listed above.

The other exhibits in this report describe quarterly and year-to-date data, including policies that cancelled or expired during the timeframe.

	2025	2024	2025 vs. 2024 #	2025 vs. 2024 %
Policy Count	9,948	10,931	-983	-9.0%
Premium Volume	\$36,653,576	\$39,305,465	-\$2,651,889	-6.7%

Residual Market Demographics

Virginia Residual Market Share Compared to All Plan Jurisdictions Market Share Calendar Years 2024 - 2020

Plan Premium as a Percentage of Direct Written Premium

*Preliminary

Note: The Residual Market Share is based on residual market written premium as a percentage of total direct written premium on a calendar year basis, from financial data reported to NCCI.

Due to the nature of calendar year data, this chart provides a full year of data and is updated only once a year with the second quarter report.

This Residual Market Share is published in the **Residual Market Management Summary** within *Exhibit P* for NCCI Plan and Pool Administered states. “All Plan” jurisdictions in this chart represent the subtotal market shares for NCCI Plan-administered states within *Exhibit P*.

Residual Market Demographics

Virginia Residual Market Reinsurance Pool

Policy Year Financial Results through 2nd Quarter 2025 for 2024 and prior years*

Booked Loss Ratio (Projected to Ultimate)

The ratio of total incurred losses to total net premiums (net of uncollectible premium) in a given period, in this state, expressed as a percentage.

Ultimate Net Written Premium (Projected to Ultimate) (000's)

The premium charged by an insurance company for coverage provided by an insurance contract for the policy period in this state.

*3rd Quarter 2025 data will be available the end of January 2026 due to the timing of data reporting

Residual Market Demographics

Virginia Residual Market Reinsurance Pool Net Operating Results Policy Year Financial Results through 2nd Quarter 2025 for 2024 and prior years*

Incurred Losses (Projected to Ultimate)

Policy year incurred losses reflect paid losses, case reserves and IBNR reserves for policies written in a particular policy year in that state.

Estimated Net Operating Gain/(Loss) (000's) (Projected to Ultimate)

The financial statement presentation that reflects the excess of earned premium over incurred losses, less all operating expenses, plus all investment income in that state.

*3rd Quarter 2025 data will be available the end of January 2026 due to the timing of data reporting

Residual Market Demographics

Collections/Indemnification

The following shows a comparison of gross written premium and uncollectible premium reported in Virginia for Policy Years 2021-2025, obtained through NP-4 and NP-5 reports including traumatic and black lung claims, evaluated through 2nd Quarter 2025.

Policy Year	Gross Written Premium \$	Uncollectible Premium \$	Percentage
2021	36,655,331	1,021,211	2.8%
2022	32,822,819	667,279	2.0%
2023	28,165,457	295,771	1.1%
2024	29,011,018	--	--
2025	12,848,265	--	--

* The uncollectible premiums provided are reported by the servicing carriers on a quarterly basis. Uncollectible premium is generally reported up to 24 months after the policy expiration date due to audit, billing, and collection requirements. Therefore, the uncollectible premium data has not yet developed for the more recent policy years.

Residual Market Demographics

Total Applications Bound — 2022 vs. 2023 vs. 2024 vs. 2025

The number of applications—both new and reassignment—that are assigned to a Servicing Carrier or a Direct Assignment Carrier (if applicable).

Total Application Premium Bound — 2022 vs. 2023 vs. 2024 vs. 2025

The total estimated premium on bound applications—both new and reassignment—that are assigned to a Servicing Carrier or a Direct Assignment Carrier (if applicable).

10	7705 - Ambulance Service Companies and EMS (Emergency Medical Service) Providers & Drivers	191,802	1.9

Glossary of Terms

Applications Bound—The applications that are actually assigned to a Servicing Carrier or Direct Assignment Carrier (if applicable).

Earned Premium or Premiums Earned—That portion of written premiums applicable to the expired portion of the time for which the insurance was in effect. When used as an accounting term, “premiums earned” describes the premiums written during a period, plus the unearned premiums at the beginning of the period, less the unearned premiums at the end of the period.

In Force (Policies/Premium)—All policies and associated estimated premium that are current as of a given date. This excludes policies that have been cancelled or expired prior to the given date.

Incurred But Not Reported (IBNR)—Pertaining to losses where the events that will result in a loss, and eventually a claim, have occurred, but have not yet been reported to the insurance company. The term may also include “bulk” reserves for estimated future development of case reserves.

Loss Ratio—The ratio of total incurred losses to total earned premiums in a given period, expressed as a percentage. The formula for loss ratio is $(\text{loss} + \text{loss adjustment expense}) / \text{earned premium}$.

Premium Bound—The total estimated annual premium on bound applications.

Prorated Estimated Annual Premium—premium determined by multiplying a policy’s total estimated annual premium to a factor based on the number of days the policy was in effect. For example, if a policy was in effect for 100 days, the factor would be $100/365$ or 0.274 . For a policy with a total estimated annual premium of \$1,000 the prorated estimated annual premium would be \$274. This calculation is applied to cancelled policies.

Underwriting Gain/ (Loss)—The financial statement presentation that reflects the excess of earned premium over incurred losses.

VCAP® Service—Voluntary Coverage Assistance Program is a supplemental program to NCCI’s Workers Compensation Insurance Plan. As part of NCCI’s strategic vision of maintaining and depopulating the residual market, NCCI’s **VCAP® Service** redirects coverage opportunities for employers to voluntary market insurers, which generally provide coverage at a lower cost. **VCAP® Service** provides an additional source for producers and employers to secure voluntary workers compensation coverage prior to entering the residual market for coverage.
