

March 28, 2014 - Actuarial Committee Update

[Industry Information](#) » [NCCI Actuarial Committee](#)

The Actuarial Committee met jointly with the Individual Risk Rating Working Group on Friday, March 28, 2014. The major topic covered at this meeting was:

- **Update on New ELF Methodology (ACT-14-03)**
NCCI is performing a comprehensive review of its Excess Loss Factor (ELF) methodology and is preparing to implement changes from this review. Preliminary excess ratio comparisons and an update on the project status were presented at the meeting. Please refer to the minutes of the meeting for any pertinent discussion. The presentation for the Update on New ELF Methodology is contained in the Agenda.
