

# May 26, 2011 - Actuarial Committee Update

## [Industry Information](#) » [NCCI Actuarial Committee](#)

The Actuarial Committee met via Web teleconference on Thursday, May 26, 2011. The major topic covered at this meeting was:

- **Loss Reserve Analysis (ACT-11-05)**

NCCI completes a private carrier loss reserve analysis annually, including a review of various approaches for reasonableness and stability over time. This year, staff also reviewed tail factor indications, claim diagnostics and the "prior" line reserve analysis. At the meeting, staff presented the results of the recent review.

Please refer to the minutes for any pertinent meeting discussion. The presentation for the Loss Reserve Analysis is contained in the Agenda.
