

January 29, 2021—Actuarial Committee Update

The Actuarial Committee met via Web teleconference on Friday, January 29, 2021. The major topics covered at this meeting included:

ACT-21-04 Medical Provider Networks in Workers Compensation

MPNs are taking on more medical claims management functions, with a goal to improve outcomes. NCCI expanded the focus of our research from price discounts on physician services to encompass all costs: medical and indemnity, paid and incurred.

ACT-21-05 Underwriting Committee—Committee Update

Staff updated Committee members on topics that will be considered by the Underwriting Committee this year, particularly those that may result in national item filings.

ACT-21-06 Experience Rating Plan Research Update

Staff provided an update on Experience Rating Plan research, including summarized findings to date and an overview of plan alternatives under consideration.

ACT-21-07 NCCI External and Government Affairs Update

NCCI monitors legislative and regulatory developments at the state and federal levels. At the meeting, staff provided updates on the top 2020 legislative issues and offer insights on the 2021 legislative sessions.

Please refer to the Minutes for any pertinent meeting discussion and presentations.
